No. Plg. 39

Enclosure No. One.

Plague Commissioner's docket No 6118 dated the 10th inst. requesting to submit the application for funds in the form prescribed in Govt. Proceedings No 3082-94 FL 313 dated 26th October 1898.

In forwarding herewith an application for Rs 1035/- in the form prescribed in Govt. proceedings quoted above, has the honor to state that the opening balance of the Plague funds for the current official year was Rs 2066-3-2, that the amount allotted in the budget of the Provincial budget, forwarded with his docket No 5688-98 dated the 26th ultimo, for expenses during

during the current year is Rs 6434/-, and that these two items form a total of Rs 8500-3-2 for Plague Expenses during the year 1899-1900. A sum of Rs 5988-15-5 has already been spent, and accounts rendered up to the end of January 1900. Deducting this amount, there is only a balance of 2511-3-9 for expenses during the remaining five months at an average of Rs 502-3-11, a month. The Royalone of the existing Plague Establishment being more than Rs 270, a month, it is believed that this amount may not suffice to meet the expenses. It is therefore requested that sufficient provision may be kindly made for the remaining five months.

The Statement of probable monthly Expenditure, the Monthly budget, and the application for funds in a certain prescribed form, are for the present the three sources through which funds should be obtained every month. It is doubtful, as to whether all these three should be submitted every month, or any one of these would suffice. Further the doubts experienced in the preparation of the enclosed application are also explained in the remarks Column thereof, and it is requested that clear instructions may be kindly issued on those points.

There being no balance in the recent credit one it is further requested that a reference may be made to the Comptroller to issue a fresh letter of credit at an early date.
